Kings Hwy., Myrtle Beach, Sign and Awning Review, PIN # 444-01-01-0043 – Mrs. Conklin gave an overview of the amendment to the Preliminary Certification for Special Tax Assessment Case# 01-02-13-2020. She also stated that Bill Strydesky had called and informed her, he was against the painting of the signage on the back wall as proposed in the application.

Josh Kay from Mashburn Construction was present to answer questions. Comments from the Board centered on the height of the signage for both the front and rear of the building. Mr. Kay stated he did not want to decrease the size of the lettering and the City of Myrtle Beach had approved the signage and awning as

proposed in the application. Gerry Wallace made a motion to approve the awning and the front signage as proposed, but to decrease the signage in the back to eight inches in height, with 1” dimensional letters in lieu of the surface painting. The motion was seconded by Joel Carter and the motion passed 5 to 1 with Susan Platt voting against the motion.

Prior to Mr. Kay leaving, Mr. Thompkins and Mr. Carter questioned him on the repointing for the Special Tax Assessment Case# 03-02-20-2020. Mashburn Construction is also the contractor for this Tax Assessment Case. Mr. Kay explained this was prep work and they would do their best to match the old brick and mortar colors.

C. Certificate of Appropriateness, St. Paul AME Church, PIN# 312-11-02-0064

Mrs. Conklin gave an overview of the project to add a fellowship hall behind the church. Rick Ruonala, contractor for the project answered questions from the Board. Mr. Ruonala explained that the location of the new building would be as far away from the cemetery as possible; approximately 100 to 150 feet away. In response to questions from Mr. Dusenbery, James Bryant, a church trustee spoke second. He explained the church had looked for unmarked graves with the use of ground penetrating radar. All the graves that were found, were marked and none of these were within the proposed building site.

The Board went on to discuss the color of the new building. Mrs. Conklin explained that although the St. Paul Church wanted to have the church building placed on the Horry County Historic Property Register, it currently did not have this designation. The Board could make suggestions for the color of the new building, but could only take the historic cemetery into consideration for the Certificate of Appropriateness. Reverend Green spoke last and stated that the brick color for the new building had not been picked and the church was looking for a light color.

Joel Carter made a motion to approve the Certificate of Appropriateness. The motion was seconded by David Stoudenmire and passed unanimously.

V. Announcements – Mrs. Conklin announced the State Historic Preservation Conference for this fall had been cancelled.

VI. Adjourn – Sam Dusenbury made a motion to adjourn, and it was seconded by Gerry Wallace. The motion carried unanimously. The meeting was adjourned at 3:25 PM.
