- III. Mr. Hodge discussed the County's procurement procedures. He stated that we would need to send out a Request for Bids for the design and printing of brochures. He said that a consultant for National Register nominations could be selected based on a Request for Qualifications. He said that he would prepare these items and forward them on to the procurement department to send out the requests.
- IV. A discussion was held concerning the sites to be highlighted in the Historic Horry County Brochure. A final was compiled and consisted of the following:

Mr. Carter said that Mrs. Futrell may know of some historic African-American sites that we could include in the brochure. Mrs. Fuller stated that the brochure should contain a person/agency to contact for additional information on these sites and other historic data and suggested the Horry County Museum as a good candidate for this. Mr. Hodge said he would check with the Museum Director for his permission.

The specifics of the brochure were discussed and several examples were shown from other historic areas. Mrs. Oehler and Mrs. Charles particularly. It was decided that if the price was

not significantly high, we should print 5,000-7,500 brochures. The brochure would be full color, printed on both sides, semi-glossy, 80 pound text, 12 x 18 inches in size, folded to 9x4 brochure, and include a generalized map of South Carolina and Horry County.

V. National Register Nominations were also discussed and the following sites/districts were approved for nomination:

- A. Socastee Historic District
- B. Galivants Ferry/Holliday Farms District
- C. Horry County Courthouse

Mr. Hodge said that he would contact the property owners in these potential districts to ensure that we had their support before the project was begun.
